 Max Planck Institute for Mathematics, Bonn, Germany. Postdoc. EDUCATION Berlin Mathematical School, Berlin, Germany. Graduate student. Humboldt University of Berlin, Berlin, Germany. Ph.D in Mathematics. Advisor: Jochen Brüning. Lomonosow Moscow State University, Moscow, Russia. Bachelor's and Master's degrees in Mathematics. Advisor: Andrei Shafarevich. PAPERS Spectral geometry of surfaces with curved conic singularities. Preprint. arXiv:1711.00577 Heat trace asymptotics for wedge-like singularity. Preprint. arXiv:1710.06392 On the spectral geometry of manifolds with conic singularities. Preprint, suarxiv:1710.05355 Heat trace expansion on manifolds with conic singularities. Preprint, submit arxiv:1701.01874 Spectral Series of the Schrödinger Operator with Delta-Potential on a Three-Dimensional Spherically Symmetric Manifold. T.Ratiu, A.Shafarevich, A.Suleymanova, Russian J. of Math. Phys., Vol. 20, No. 3, pages: 326-335. INVITED TALKS University of Luxembourg, Luxembourg. Rutgers University, New Brunswick, USA. McGill University, Montreal, Canada. University of Potsdam, Potsdam, Germany. 	Т

Phys., Vol. 20, No. 3, pages: 326-335. INVITED TALKS University of Luxembourg, Luxembourg. Rutgers University, New Brunswick, USA. McGill University, Montreal, Canada. 		omitted. 2017
Three-Dimensional Spherically Symmetric Manifold. T.Ratiu, A.Shafarevich, A.Suleymanova, Russian J. of Math. Phys., Vol. 20, No. 3, pages: 326-335. INVITED TALKS University of Luxembourg, Luxembourg. Rutgers University, New Brunswick, USA. McGill University, Montreal, Canada.		ted. 2017
 University of Luxembourg, Luxembourg. Rutgers University, New Brunswick, USA. McGill University, Montreal, Canada. 	ensional Spherically Symmetric Manifold. T.Ratiu, a, A.Suleymanova, Russian J. of Math. Phys., Vol. 20, No.	2013
 Rutgers University, New Brunswick, USA. McGill University, Montreal, Canada. 	KS	
• McGill University, Montreal, Canada.	of Luxembourg, Luxembourg.	November 2017
	iversity, New Brunswick, USA.	October 2017
• University of Potsdam, Potsdam, Germany.	versity, Montreal, Canada.	January 2017
	of Potsdam, Potsdam, Germany.	December 2016

Conference talks

0 0 1 1 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2 2	
• Conference – Geometric Analysis at Roscoff, Roscoff, France.	2017
• Workshop on loop spaces, supersymmetry and index theory, Tianjin, China.	2017
BMS Conference, Berlin, Germany.	2017
• Young women in geometry, Bonn, Germany.	2016
BMS Conference, Berlin, Germany.	2016
BMS Conference, Berlin, Germany.	2015
• Conference "Lomonosov-2013" in Moscow, Moscow, Russia.	2013
Teaching and Work experience	
• Differential Geometry 2, Humboldt University of Berlin. Created exercise sheets, taught classes, created and graded homeworks.	Spring 2015
• Ordinary Differential Equations, Humboldt University of Berlin. Created exercise sheets, taught classes, created and graded homeworks.	Fall 2014
• Organiser of "What is?" interdisciplinary student seminar, BMS, Berlin.	2016-2017
• Teacher at evarist.org Online education project for learning math through problem solving.	016-present
• Software engineer, Scientific Research Institute for System Studies of RAS, Moscow.	2012-2013
• Math teacher, Lyceum "Second School", Moscow.	2010-2012
• Editor of lyceum Journal "Golos", Lyceum "Second School", Moscow.	2008-2009
Fellowships and honors	
• Hilda Geiringer Scholarship for outstanding achievements, BMS, Berlin.	2014
• Moscow Mathematics Olympiad, Prize.	2008
• Mathematics Kurchatov-Olympiad, First Prize.	2008
• National Physical and Mathematical-Olympiad Rosatom, Prize.	2007
• Team Physics Olympiad, First Prize.	2007
• Lomonosov Tournament, Second Prize.	2007
Summer Schools and Workshops attended	
• Analysis and Geometry on Graphs and Manifolds, Potsdam, Germany.	2017
• Workshop on Geometric and Singular Analysis, Potsdam, Germany.	2017
• Fields Institute Focus Program on Topology, Stratified Spaces and Particle Phys. Toronto, Canada.	ics 2016
• Summer School on Spectral Geometry, Göttingen, Germany.	2014
• Summer School on Stratified Spaces, Berlin, Germany.	2014
• International Workshop on Geometric and Singular Analysis, Potsdam, Germany.	2014
• Summer School on Geometry and Mathematical Physics, Moscow, Russia.	2012
Languages	
D 1	

- Russian, native.
- $\bullet \ \ \mathbf{English}, \ \mathrm{fluent}.$
- **German**, C1 certificate.
- French, B1 certificate.
